

PRICES REALIZED LISTS AVAILABLE

This is a list of all the prices realized lists we have on file from 1860 to the present. No catalogues are included in this section, though they can be found elsewhere in this fixed price list. After a listing, "C...." or "O...." indicates either a **photocopy** (C) or an **original** (O) prices realized list is available and at what price. An original printed Prices Realized list is one of the most overlooked items in numismatics. All originals are subject to prior sale. Supply is limited to stock on hand, and prices are subject to change without notice.
