PARRINO, J.:

1995 Fixed Price List, Coins, 22pgs. Although there are no pictures included, the stunning 10-line descriptions of each coin make this a collectible in its own right. There are several \$1million price tags listed, and one of the favorite descriptions is found in the 1793 Wreath Cent. If you were willing to give \$1.25 million, the description of “this coin could make you legendary forever” would accompany this piece. Of course, in Jay’s unique style of salesmanship another 1793 Wreath Cent description, for \$500,000, says this, “stop and think about it...you must consider this monster!!!”
It sure is tough to sell dupes..... **15.**

This 1947 edition contains over 1,000 illustrations and mintage figures precisely like the new copycat, but cheaper, Guide Book of United States Coins put out by Whitman Publishing later that year. It's interesting that when Whitman came out with their first publication in 1942 (The Bluebook), it had blue covers and gold lettering just like Wayte Raymond's 1941 Standard Catalogue; how original. This '47 Standard Catalogue is nicer and scarcer than the first Redbook .	50.

Supposedly, it was put together in the space of 10 years from 1868 – 1877. Most pedigrees regarding the more important coins that were offered in these sales begin with Fonrobert, there doesn't seem to be anything earlier.
