The story presented was a completely fabricated story that it had been given out in change in a mid-western train station. This may have helped to generate interest, but has, regrettably, been accepted as fact, which it is not. This particular coin was last sold in 1997 in the Eliasberg Collection sales. Many of these early sales show their age in slightly ragged edges, stained paper, thin spines, and occasional notations. Some have been folded for mailing, and to fit in the vest pocket for the days of the sale. Others have been improperly stored over the last 100+ years. All are fully useable copies and we have tried to accurately note any of these faults.

12/16/1880 Charles A. Besson, 40pp., 1175 Lots, These Haseltine sales, long ignored because of their lack of promotion in the descriptions, are a veritable wealth of information to the serious numismatic researcher. A prime example of this can be found in this sale, which contains an 1838-O Half Dollar. You will not find this offering of an 1838-O Half mentioned in anyone's pedigrees in any references because no one has taken the time to check. **03/03/61 Edwin Hydeman, 40pp., 1311 Lots** This sale should have been one of the most memorable sales of the 20<sup>th</sup> century. However, with that having been said, the material offered was phenomenal. Think about this list: the Idler 1804 Silver Dollar, the Olsen 1913 Liberty Head Nickel, the Neil 1894-S Proof Barber Dime, the Kern 1876-CC 20-cent piece, an 1841 Quarter Eagle, an 1879 Stella in Aluminum with another in gold, a 1922 Matte Proof Peace Dollar, hundreds of Patterns, and the unique 1866 Quarter and Half Dollar without Motto.
